Dear Governor Cooper, I write you today because of my growing concern for this ACP project moving forward. I can not tell you how excited I was when you---a Democrat--were elected to this office. I thought, FINALLY, we have someone in office that will listen to and support the people of NC. We certainly do NOT enjoy that representation in DC although David Price is doing a fairly good job. We can NOT count on our other so called Senators and that's why I am contacting you today to PLEASE, PLEASE, PLEASE, listen to your constituents and keep this unnecessary ACP from being developed. As you know, this recent Tax Reform bill is a sham and all it does is provide for those in the fossil fuel industry and move us years backwards. So with this note I hope

you will take into consideration the MANY Bob Dietz's out here that are adamantly against this project and I hope and pray that we can count on our ONLY representative in this great state to stand behind all North Carolinians and SHUT THIS PROJECT DOWN once and for all! Thank you in advance and I will look forward to your response.
